Internships

We are currently looking to fill 4 intern positions (2 guys and 2 girls) for the Summer of 2017. If you are interested and want more information please contact Josh Bramlett at the above email address or phone number. Please check out our main church webpage at www.gostonebridge.com and our student site at www.thebridgesb.com. Thanks a lot and look forward to hearing from you.

The Scoop

We have been running an intern program at our church now for about 15 years. God has used interns to be crucial in the spiritual development of our students, and there are a large percentage of them that are currently in full-time ministry. Many of our students when asked to share their testimony will share about an intern who loved on them and pointed them toward Jesus. This reality is the greatest part of being an intern. Like it says in 2 Corinthians 3:2, "you will be forever written on their hearts". Every intern that has worked with us will tell you about what an incredible group of students we have here. Warning, you will fall in love with them.

Job Description

As an intern you are an integral part of our purpose of **meeting students and making disciples**. Your job is simply to meet students where they are and to have them connect with you and then other students and most importantly Jesus. We will provide training on what discipleship looks like and how it can be accomplished. This is a full time position from the beginning of June to the first week in August. In addition to your primary responsibility, relating and meeting with students, you will receive experience and training in teaching and leading Bible studies, programming, planning events, and marketing and communication through things like graphic design and video editing.
